Sex Therapy Training and Certification

Mission Statement

Texas Sex Therapy Institute is dedicated to providing accessible, quality sex therapy training to mental health and medical professionals, increasing competency, marketability and the ability to expand the scope of their practice. We are dedicated to providing quality education based on real trends, case studies and current sexual issues in society that gives students real life (practical) skills in an experiential and interactive learning environment. Our courses are taught by contemporary instructors with a fresh perspective and current understanding of today's sexual issues.

VALUE TO YOU

Enhanced ability to address and discuss sexual concerns with clients resulting in the ability to attract a broader clientele and provide more thorough services to new and existing clients.

VALUE TO YOUR CLIENTS

Improved personal relationships, confidence, and quality of lives by reducing the stress of sexual concerns and providing clients with a confidential place to talk about the most sensitive and intimate subject matter. Certification will help clients feels secure, comfortable, and confident that the therapist they choose has the skill set to meet their needs.
